Liban, Ram V. Medalla, Maria Eleanor "Doc Ellie" R. Juan, O.D., Emmanuel Banjo A. Pilar, Kristine Alexia Matias, RN, Victor "Vic" D. Bernardo, and Vito Sotto Generoso

---

WHEREAS, Quezon City continues to experience fire incidents in residential, commercial, and mixed-use communities, particularly in densely populated areas where access to firefighting resources may be limited;

WHEREAS, fire hydrants serve as critical sources of water for firefighters during emergency fire response operations;

WHEREAS, the availability of accurate and accessible information regarding the location and the operational condition of fire hydrants can significantly reduce response time and improve the efficiency of firefighting operations;

WHEREAS, the establishment of a Comprehensive Fire Hydrant Mapping System, supported by visible street signage and digital mapping tools, can assist firefighters, emergency responders, and City authorities in quickly locating water sources during emergencies;

WHEREAS, strengthening fire safety infrastructure is an important component of disaster risk reduction and community resilience;

WHEREAS, the Quezon City Disaster Risk Reduction and Management Department (QCDRRMD), together with relevant City Departments and the Bureau of Fire Protection, plays an important role in enhancing disaster preparedness and emergency response capabilities within the City.

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF QUEZON CITY IN REGULAR SESSION ASSEMBLED, to encourage, as it does hereby encourage, the development of a Comprehensive Fire Hydrant Mapping and Public Signage System in Quezon City to improve fire response time, emergency access to water supply, and urban fire safety.

RESOLVED FURTHER, that the Quezon City Disaster Risk Reduction and Management Department (QCDRRMD), in coordination with the Bureau of Fire Protection (BFP), the Department of Public Order and Safety (DPOS), the City Engineering Department, and other relevant city offices, is encouraged to assist in identifying, mapping, and regularly updating the locations and operational status of fire hydrants within the City.

RESOLVED FURTHERMORE, that the Quezon City Government is encouraged to install clear and visible street-level signage or markers to indicate the location of nearby fire hydrants in strategic areas where appropriate.

RESOLVED FURTHERMORE, that barangays are encouraged to assist in monitoring the condition and accessibility of fire hydrants within their respective jurisdictions and to report damaged or obstructed hydrants to the appropriate authorities.

RESOLVED FURTHERMORE, that Sangguniang Kabataan councils are encouraged to support fire safety awareness programs and volunteer activities related to community disaster preparedness.

RESOLVED FURTHERMORE, that civil society organizations, community groups, and homeowners associations are encouraged to support initiatives that promote fire safety awareness and the proper maintenance of emergency access points.

RESOLVED FINALLY, that businesses, commercial establishments, and property owners are encouraged, where applicable, to cooperate with City authorities in ensuring that fire hydrants remain unobstructed and accessible to emergency responders.

ADOPTED: August 24, 2026.

CERTIFICATION

This is to certify that this Resolution was ADOPTED by the City Council on Second Reading on August 24, 2026 and was CONFIRMED on September 7, 2026.
