ORIGINALLY PROPOSED VERSION:

PO23CC-176 – AN ORDINANCE DECLARING A PORTION OF BANAWA STREET, FROM DEL MONTE AVENUE TO QUEZON AVENUE, AS "SUNDAY CAR-FREE, CAREFREE BANAWA STREET," PROVIDING GUIDELINES FOR ITS IMPLEMENTATION, AND FOR OTHER PURPOSES (*Introduced by Councilors DOROTHY A. - to include all Councilors present as Co-Introducers of the measure

The Committees on Environment & Climate Change Adaptation; Transportation; and Trade, Commerce & Industry recommended approval, with an amendment:

- to include all Councilors present as Co-Introducers of the measure

MINUTES, 58th REGULAR SESSION, THURSDAY, JULY 30, 2026

On motion of Councilor Delarmente, duly seconded, **PO23CC-176** was **APPROVED** on its second reading, with the following manifestations from the Lady Proponent and amendments **to adopt all modifications made in the committee hearings, to submit the amended version of the proposed measure again, despite having already submitted it previously, and to include all councilors present as co-introducers of the proposed measure:**

- Last year, the City Council approved the Sunday Car-Free, Carefree Tomas Morato Ordinance. Since its implementation, it has become one of Quezon City's successful urban initiatives. Every Sunday, residents have embraced the opportunity to walk, jog, cycle, exercise, and spend quality time with their families in a safe and people-friendly environment. At the same time, Tomas Morato has remained a vibrant commercial destination, demonstrating that with proper planning, active mobility, public safety, and local economic activity can coexist.
- Due to the success of the Tomas Morato program, it is only fitting to now replicate this initiative in another iconic district of the city-Banawe Street.
- It is important to emphasize that this measure is not merely a declaration making Banawe a car-free street. More importantly, it provides the complete legal and operational framework necessary to ensure that the initiative is implemented responsibly, safely, and effectively.
- The ordinance clearly defines the coverage of the program. It applies only to the portion of Banawe Street from Sgt. Rivera Street or C-3 Road to N.S. Amoranto Sr. Street, and only during designated implementation hours every Sunday.
- It establishes a clear Declaration of Policy. It affirms Quezon City's commitment to promoting walkability, active mobility, public health, environmental sustainability, cultural development, local economic activity, and community engagement through the responsible use of public streets as shared civic spaces.
- The ordinance identifies the specific purposes of the initiative. These include encouraging walking and cycling, providing safe recreational spaces, reducing localized air and noise pollution, promoting the cultural and commercial significance of Banawe, supporting lawful businesses through increased pedestrian activity, and expanding the City's successful Sunday Car-Free program while ensuring the continued operation of the Tomas Morato initiative.
- Recognizing that Banawe is one of the City's busiest commercial corridors, the ordinance also provides extensive operational safeguards.
- It directs the Traffic and Transport Management Department to prepare a comprehensive traffic circulation and access plan before implementation. This includes identifying alternative routes, road closure points, emergency access, loading and unloading areas, parking arrangements, public transport access, and the deployment of traffic and safety personnel.

MINUTES, 58th REGULAR SESSION, THURSDAY, JULY 30, 2026

- The ordinance also expressly exempts emergency vehicles, police, fire trucks, ambulances, rescue units, government vehicles performing official functions, residents who need access to their homes, delivery vehicles, utility providers, and other essential service vehicles. These provisions ensure that public safety and business continuity remain protected.
- Another important feature of this measure is the six-month pilot implementation period.
- Rather than immediately adopting a permanent arrangement, the ordinance requires the Technical Working Group to closely monitor traffic flow, pedestrian movement, business activity, environmental conditions, and stakeholder feedback. At the end of the pilot period, the Technical Working Group is required to submit a comprehensive impact assessment and recommendations to the City Mayor and the Sanggunian. This allows the city to determine whether the initiative should continue, be expanded, modified, reduced, or suspended based on actual results.
- Equally important, the ordinance strengthens stakeholder participation by expanding the membership of the existing Technical Working Group to include representatives from all affected barangays. It also authorizes consultations with residents, business owners, transport groups, civic organizations, and other stakeholders throughout the planning, implementation, and evaluation of the program.
- The ordinance authorizes the city to organize activities that will maximize the use of the Car-Free Zone, including wellness and fitness programs, cycling events, cultural performances, tourism initiatives, regulated al fresco dining, and promotional activities that will benefit Banawe's business community, all while ensuring compliance with existing laws, public safety standards, and sanitation regulations.
- This ordinance builds upon a program that has already proven successful in Tomas Morato. It adopts the lessons learned from that experience while recognizing the unique character of Banawe through careful planning, stakeholder consultation, technical evaluation, and continuous monitoring.
- It is a measured, balanced, and well-planned approach that promotes healthier communities, supports local businesses, protects public safety, and strengthens Quezon City's vision of creating more people-centered public spaces.

Councilor Belmonte (Vicente) expressed his commendation to his colleagues in the City Council, particularly Councilor Delarmente, as well as the city government, for spearheading the proposed measure. He expressed satisfaction that the city was finally passing and implementing the Car-Free, Carefree Banawe program on Sundays, noting that it marked the second car-free initiative in Quezon City following the pioneering Car-Free, Carefree Tomas Morato program initiated by former Councilor Irene Belmonte.

MINUTES, 58th REGULAR SESSION, THURSDAY, JULY 30, 2026

Further, Councilor Belmonte (Vicente) observed that, like any transformative endeavor, the original initiative experienced initial birth rage. While there were understandable concerns from motorists, local businesses, and residents, those challenges were successfully overcome through perseverance, proper planning, and a willingness to listen and adapt. He highlighted that during that period, the digital news platform Rappler partnered with the city government to conduct an innovative, AI-powered virtual and hybrid consultation regarding the Tomas Morato proposal—a consultative mechanism that continues to be utilized today.

Councilor Belmonte (Atty. Vicente) pointed out that the overwhelming public participation every Sunday proved that the original vision was correct, as families, joggers, cyclists, senior citizens, and children embraced the open streets as safe spaces for recreation, health, and community engagement, while local businesses simultaneously benefited from increased foot traffic and a vibrant atmosphere. Although the initiative did not originally begin as a legislative measure, he noted that it stood as living proof of the right decision, expressing his optimism that Banawe would replicate Tomas Morato's success. He concluded that the success of Banawe would demonstrate how innovative policies can flourish and elevate the public's quality of life when the government remains steadfast despite early obstacles, hoping this achievement would inspire the continued expansion of people-centered, sustainable public spaces across Quezon City.

The Presiding Officer, Acting Vice Mayor Mikey Belmonte, manifested that he assumed residents within the Banawe area have already been consulted and were aware of the impending road closure.

Councilor Delarmente acknowledged former Councilor Irene Belmonte, noting that her Car-Free, Carefree Tomas Morato initiative paved the way for a smoother passage of the current ordinance. She recalled that when the Tomas Morato program was originally being passed, it faced significant pushback and strong reactions from local business establishments and residents. Although business owners were initially skeptical of the ordinance, witnessing its success changed their perspectives, leading them to suggest holding the car-free event every Sunday instead of just once a month.

The Lady Proponent added that they had conducted public consultations for the proposed ordinance, ensuring that both residents and local business owners were informed about the initiative. She reiterated that, owing to the successful implementation in Tomas Morato, the City Council encountered no additional difficulty in convincing stakeholders to support the Car-Free, Carefree ordinance along Banawe Street.

Councilor Herrera expressed his full support for the measure and manifested that the frequency—whether it would be held every Sunday or once a month on a Sunday—could be addressed in the Implementing Rules and Regulations (IRR). He added that the full implementation in Banawe would ultimately depend on the provisions outlined in the IRR. He concluded by offering his congratulations to the authors of the measure, particularly Councilors Delarmente, Calalay, Juico, Crisologo, Ferrer, and Belmonte (Vicente).

To address the query, Councilor Delarmente manifested that there would be a six-month trial period. Similar to the initiative on Tomas Morato, the car-free event would initially take place once a month. She added that due to the length of Banawe Street, the designated road closures would be experimental at first, noting that the council would determine the most suitable areas for closure once the program commenced and was underway.

MINUTES, 58th REGULAR SESSION, THURSDAY, JULY 30, 2026

The Presiding Officer stated that there was no expectation of perfection immediately upon implementation, noting that following further study by the Technical Working Group (TWG) after the six-month monthly trial, the council would better understand how to move forward and identify specific choke points to address in the Banawe area. He highlighted that the initiative was a positive way to build community and promote local businesses within the locality, and he concluded by commending the authors of the proposed measure.

On motion of Coun. Joseph Visaya, duly seconded, **PR23CC-956** was **APPROVED** on its second reading, with the following manifestations from the Proponent and the adoption of the amendments made:

- The proposed resolution expresses the warmest congratulations and recognition of the Quezon City Government to the Sangguniang Kabataan of Barangay Novaliches Proper, under the leadership of SK Chairperson Idene Rachelle Santiago, for being named as one of the Top Five SK National Finalists in the Prosperity Category of the 2026 United Nations Sustainable Development Goals, held in Puerto Princesa City from June 24 to 28, 2026.
- This prestigious recognition was achieved through their SK i-Build Program, an innovative and transformative initiative that promotes sustainable livelihood opportunities, skills development, entrepreneurship, and economic empowerment among the youth.

MINUTES, 58th REGULAR SESSION, THURSDAY, JULY 30, 2026

- By equipping young people with practical skills and creating opportunities for income generation and self-sufficiency, the program exemplifies the essence of the Prosperity Pillar of the Sustainable Development Goals by ensuring inclusive growth and creating opportunities for every young Filipino to thrive.
- What makes this recognition even more remarkable is the highly competitive nature of the awards. The SK i-Build Program was among the entries evaluated alongside more than 300 Sangguniang Kabataan Councils and over 1,000 youth organizations from across the country, competing under the five (5) pillars of the Sustainable Development Goals, namely: People, Planet, Prosperity, Peace, and Partnership.
- This achievement demonstrates that meaningful change begins at the grassroots level, and this distinction brings immense pride not only to the Sangguniang Kabataan and the people of Barangay Novaliches Proper but also to the entire Quezon City.
- It further reinforces the City's commitment to supporting initiatives that empower the youth, foster innovation, and promote inclusive and sustainable development.
- **Amendments:**
 - To insert "SK" after the Top Five (5) in the Title and in the dispositive portion.
 - To adopt all amendments made during the Committee on Laws.
 - To include all councilors present as co-introducers of the said measure.
