The Committees on Transportation and Public Order & Security recommended approval, with an amendment:

- to include all Councilors present as Co-Introducers of the measure

On motion of Councilor Rodriguez, duly seconded, **PO23CC-201** was **APPROVED** on second reading, with the following manifestations from the Proponent and the adoption of the amendments made:

- The proposed Ordinance was initiated through a joint resolution of the Sanggunians of Barangays Laging Handa, Paligsahan, and Sacred Heart, urging the Quezon City Council to enact an ordinance converting Scout Gandia and Dr. Lazcano Streets from two-way to one-way traffic flow.
- The existing two-way traffic scheme along the said streets has resulted in frequent traffic congestion, bottlenecks, and safety concerns for pedestrians and motorists due to commercial developments in the Scout areas.
- In response to the congestion and safety concerns, after conducting public hearings and consultations, the said three barangays also conducted a dry run of the proposed one-way traffic scheme along Scout Gandia and Dr. Lazcano Streets, with parking on both sides. The dry run resulted in smoother traffic flow compared with the existing two-way scheme, which proved that the proposed one-way traffic scheme is effective, efficient, and practical.
- The dry run conducted by three barangays yielded favorable results.

The Presiding Officer noted that the proposed measure had undergone a series of public and committee hearings, particularly before the Committee on Laws.

- **Amendments:**

Whereupon, on motion of the Proponent, duly seconded, **PR23CC-436, PR23CC-437, PR23CC-438, PR23CC-439, PR23CC-444, PR23CC-445, PR23CC-446, PR23CC-753, and PR23CC-754** were **APPROVED** omnibusly on second reading, with the following manifestations and the adoption of the amendments made:

- The resolutions being discussed were not merely documents needing council approval. They represented concrete steps toward housing security, dignity, and homes of their own for over two thousand (2,000) families who had long resided on lands covered by the Socialized Housing Program.
- Overall, the proposed measures aimed at requiring nine (9) parcels of land across five barangays—Barangays Batasan Hills, Payatas, Bagong Silangan, Bagbag, and Gulod—to be used as Socialized Housing sites for qualified beneficiaries.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

- Behind that significant step were the clear vision and firm resolve of Mayor Joy Belmonte, who continuously advocated for a Quezon City where every family in need had the opportunity to own a safe, decent, and affordable home. Her leadership in the housing sector demonstrated a vital principle: that the city's progress was measured not merely by infrastructure and buildings, but above all by how it improved the lives of ordinary citizens by providing them with security for their families.
- As public servants, it was their duty to translate that vision into concrete programs and policies, and these resolutions were a vital part of achieving that goal. It was essential to understand the situation of the beneficiary families. Most had not merely lived on these lands for a few years; many had lived in their communities for 20, 30, 40, and even 52 years. There, they raised their children, built their lives, and established their communities. Thus, for these families, owning land was not merely a financial transaction; it was the fulfillment of a long-awaited dream.
- It was also important to acknowledge the original owners of these lands. Many of them were elderly and wished to sell their properties, often due to their health conditions.
- Through the city's Socialized Housing and Direct Sale programs, these transactions were carried out in an orderly, fair, and organized manner, while enabling long-time resident families who were qualified to become the true owners of their homes.
- The Quezon City Government, through the Housing Community Development and Resettlement Department (HCDRD), remained committed to providing decent and affordable housing within the city. This was crucial, as it sought to ensure that residents would not be displaced from their livelihoods, schools, communities, and the services they had long relied on.
- A home was not merely four walls of a house; it had to be close to their jobs, schools, and community—and above all, it was a place where a family could safely build a future.
- Thus, programs providing opportunities for citizens to remain in their communities and achieve land tenure security were continuously pursued, in accordance with the city's existing laws, ordinances, and standards.
- All the land properties presented were to be used as Socialized Housing sites for qualified beneficiaries. The selection of beneficiaries was to undergo thorough evaluation and approval by the Beneficiary Selection Committee, ensuring that the process was fair, transparent, and impartial.
- There were clear legal and financial bases for these transactions. Pursuant to Section 455 of Republic Act No. 7160, or the Local Government Code of 1991, the City Mayor could enter into agreements and sign documents on behalf of the city upon authorization by the Sangguniang Panlungsod.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

- The City Budget Department issued a certification for this purpose, which was to be sourced from the Socialized Housing Program – Land Account of the HCDRD for Fiscal Year 2026, pursuant to Ordinance No. SP-3465, S-2025, and subject to the approval of the City Mayor as well as existing financial rules and regulations.

Presented were the nine (9) properties covered by the proposed resolutions under discussion, to wit:

<u>Proposed Measure</u>	<u>Registered Owners</u>	<u>Size of the Property & Location</u>	<u>Number of Beneficiaries & Years of Stay</u>
PR23CC-436	Maria Lourdes Y. Yatco and Milagros Yatco	2,800 square meters Brgy. Batasan Hills	70 families 20 years (approximately)
PR23CC-437	E. Rodriguez Incorporated	68,554 square meters Barangay Payatas	1,714 families (12 Registered HOAs) 25, 30, 33, 40, & 52 years

The length of time they had resided there showed how deeply rooted they were in the community and how important the opportunity to achieve land tenure security was to them.

PR23CC-438	Lolita A. Ramos and Luciano P. Ramos	357 square meters Barangay Payatas	8 families 35 years
PR23CC-439	Sonia Tan Sy and Newtein Sy	1,130 square meters Brgy. Bagong Silangan	28 families 30 to 40 years
PR23CC-444	Josephine B. Ramos and Eugenio F. Ramos, et al.	2,604 square meters Barangay Payatas	66 families 30 to 40 years
PR23CC-445	Irma R. Castro and Florante C. Castro, et al.	782 square meters Brgy. Batasan Hills	20 families 28 years
PR23CC-446	Maxima M. Dionisio, Teresita Dionisio, Margarita Dionisio, and Ma. Socorro Dionisio	2,419 square meters (vacant lot) Barangay Bagbag	60 families
PR23CC-753	South Eastern Belle Holdings, Inc.	881 square meters Barangay Gulod	22 families 20 to 30 years
PR23CC-754	Amado A. San Mateo, et al.	524 square meters Barangay Gulod	14 families 20 to 30 years

- Looking at the proposed measures as a whole, they reflect not just numerical data but the lived experiences of families and parents who have worked for decades towards securing a future for their children. This includes young individuals raised in these communities and families who have long awaited the moment to affirm, "At last, this land is finally ours."

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

- The beneficiaries had resided there for 52, 40, 35, 30, 28, and 25 years; some had been there for half a century. This meant they were no longer newcomers to their communities. They were already an integral part of the neighborhoods they had lived in, nurtured, and built over many decades. Thus, an opportunity arose to help them gain greater security for their future.
- Overall, the acquisitions provided an opportunity for over 2,000 families to secure definite ownership of the lands they had long inhabited, in accordance with the required qualifications and processes of the City.
- It was also important to note that the Homeowners Associations involved in these projects were registered with the Department of Human Settlements and Urban Development and had formally expressed their support for these measures. Heartfelt gratitude was extended to them for their solidarity, trust, and continuous cooperation with the Quezon City Government.
- Above all, the Informal Settler Families residing on these lands were the ones who directly approached the city government to request assistance in processing the land purchases. Through the city's Direct Sale Program, qualified beneficiaries were allowed to acquire their own land titles once they settled their respective payments, in accordance with the program's guidelines.

The Proponent iterated that this was not merely a land purchase; it was about security, dignity, hope, and allowing a family to possess a true home of their own. This was the kind of public service that ought to be continuously pursued. It was also the kind of aspiration consistently emphasized by the beloved City Mayor, Mayor Joy Belmonte, in building a Quezon City that was not only progressive, but a city whose progress was felt by every family, especially those most in need.

As a Councilor, Atty. Belmonte humbly requested support for these proposed measures, stating that their duty as elected representatives of the people was not merely to craft ordinances and resolutions. Their duty was to ensure that every decision made had a genuine impact on the lives of Quezon City residents. And on that occasion, the decision could pave the way for thousands of families to achieve a more stable and secure future.

The City Council's approval of the resolutions presented and introduced provided the necessary support to advance the process of acquiring and transferring these land properties to qualified, deserving families.

Through collective action, under the leadership of Mayor Joy Belmonte, with the support of the Quezon City Council, and through the continuous collaboration of city offices and communities, a city was fostered where the dream of owning a home did not remain merely a dream.

This was the Quezon City they wished to promote—a compassionate city, a city that provided opportunities, and above all, a city that did not forget the families who had long waited for security and a home of their own.

Therefore, the Proponent respectfully urged the Honorable Council to grant approval and support to the proposed resolutions.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

The Presiding Officer commended the Proponent for providing a clear explanation regarding the omnibus approval of the proposed measures concerning housing security.

The Presiding Officer stated that, since 2019, when the opportunity was first given to him to represent the constituents of Quezon City, under the leadership of Mayor Joy Belmonte, the City Government had focused on developing and implementing solutions to address the need for secure and adequate housing for every Filipino family in Quezon City.

- The proposed resolution encourages the establishment of community fire break corridors in high-risk residential areas across Quezon City.
- Fire break corridors are simple yet effective measures: clear and accessible pathways within communities that allow firefighters to reach affected areas faster and help prevent the rapid spread of fire.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

- With the support of the Quezon City Disaster Risk Reduction and Management Office, the Bureau of Fire Protection, the barangays, and the communities, it could identify locations where these emergency pathways can be maintained and protected.
- This proposed measure also encourages collaboration with new groups, civil organizations, and the private sector to strengthen community awareness and preparedness.
- Disaster resilience is not only about responding to emergencies, but it is about planning and ensuring that communities are designed to keep people safe.

PR23CC-627 – RESOLUTION EXPRESSING THE STRONG SUPPORT OF THE QUEZON CITY COUNCIL FOR SENATE BILL NO. 1547, AUTHORED BY SENATOR FRANCIS ‘KIKO’ PANGILINAN, CREATING A JOINT CONGRESSIONAL COMMISSION ON JUSTICE SYSTEM REFORM *(Introduced by Councilors AIKO MELENDEZ, ATTY. JESUS MIGUEL SUNTAY, ATTY. CHRISTOFFER ALLAN “Tope” LIQUIGAN and DOROTHY A. DELARMENTE, M.D.)*

The Committee on Laws, Rules & Internal Government recommended approval, with an amendment:

- to include all Councilors present as Co-Introducers of the measure

The Committee on Justice & Human Rights recommended approval, with amendments and/or remarks:

- the Social Services Development Department (SSDD) conveys its full support for the proposed measure, recognizing its importance in advancing social protection and inclusive governance; and
- to include Councilors Candy A. Medina and Bernard R. Herrera as the Co-Authors

When recognized, Councilor Melendez recalled that she began her service as a Councilor in District 2. At that time, Barangay Captain Jojo Abad of Barangay Batasan Hills was serving as a Barangay Kagawad. She thanked him and his Council for the warm welcome and expressed her appreciation for their beautiful Barangay Hall.

Consequently, she moved for the approval of PR23CC-627.

In the period of discussion, the Lady Proponent manifested the strong support of the Quezon City Council for Senate Bill No.1547, authored by Senator Francis “Kiko” Pangilinan, a measure that seeks to create a Joint Congressional Commission on Justice System Reform. She emphasized that the justice system is one of the most important pillars of democracy, as it serves to uphold the rule of law, protect rights, and ensure accountability.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

The Lady Proponent, however, noted that many citizens continue to experience delays in the resolution of cases, while court backlogs and lengthy legal proceedings may hinder timely access to justice. These challenges underscore the need for a comprehensive review of the justice system. Hence, Senate Bill No. 1547 seeks to address these concerns by proposing the creation of a commission that will examine the entire justice chain, from law enforcement and prosecution to the courts, detention facilities, and correctional systems.

As Chairperson of the Committee on Justice, she highlighted an initiative focused on identifying systemic issues within the justice administration. This initiative is backed by thorough study and data-driven recommendations, aiming to implement reforms that bolster the rule of law. The Quezon City Council's support for the measure reflects a commitment to enhancing the efficiency, transparency, and trustworthiness of the justice system in the country.

In this regard, Councilor Liquigan expressed his support for the measure, citing his perspective as a lawyer who has been in legal practice for ten years. He noted that court dockets remain congested and recalled the case of one of his clients who had been detained for two years due to his inability to post bail, only to be subsequently acquitted. He emphasized the hardship experienced by persons deprived of liberty who remain in detention, struggling with their lives, but are not allowed by the court to be heard.

Councilor Liquigan likewise expressed hope that, through the Body's support, the proposed Senate bill would eventually be enacted into law and help ensure that individuals receive the justice they deserve.

In addition, Councilor Melendez stated that, as Chairperson of the Committee on Justice, supporting the Senate Bill is her way of seeking to address delays in the justice system. Thus, she emphasized that their collective support for the Senate Bill could significantly contribute to reforms.

The Presiding Officer emphasized the significance of the Senate Bill by Senator Francis "Kiko" Pangilinan, particularly its initiative to establish a Joint Congressional Commission on Justice System Reform. This proposed bill aims to tackle the concerns highlighted by Councilor Liquigan.

There being no other discussions, on motion, duly seconded, **PR23CC-627** was **APPROVED** on its second reading, with the adoption of the following amendments:

- To adopt all the amendments made during the committee meeting.
- To include all the Councilors present as co-introducers of the measure.

PR23CC-708 – A RESOLUTION ENCOURAGING THE INSTALLATION OF PUBLIC EMERGENCY PANIC BUTTONS IN SELECTED PARKS, TRANSPORT AREAS, AND MAJOR PEDESTRIAN CORRIDORS IN QUEZON CITY TO STRENGTHEN PUBLIC SAFETY AND EMERGENCY RESPONSE
(Introduced by Councilors JOSE MARIA "Mari" M. RODRIGUEZ, DON S. DE LEON, ERWIN REY "Cocoy" A. MEDINA, JHON ANGELLI "Sami" C. NERI, WENCEROM BENEDICT C. LAGUMBAY and DOROTHY A. DELARMENTE M.D.)

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

The Committees on Laws, Rules & Internal Government; Transportation; and Public Order & Security recommended approval, with an amendment:

- to include all Councilors present as Co-Introducers of the measure

On motion of Councilor Jose Maria “Mari” M. Rodriguez, duly seconded, **PR23CC-708** was **APPROVED** on its second reading, with the following manifestations from the Proponent and an amendment **to include all the councilors present as co-introducers of the measure:**

- Public safety requires not only effective policies but also the use of modern tools that allow people to quickly access help during emergencies.
- In many cities around the world, public emergency panic buttons or emergency call stations have been strategically installed in locations such as parks, transport hubs, and pedestrian corridors.
- Emergency devices enable individuals in distress to promptly alert authorities for assistance. This includes students feeling unsafe while walking home, individuals facing medical emergencies, or a resident witnessing a dangerous situation, all of whom can quickly activate an emergency button to notify responders effectively.
- The proposed resolution encourages the installation of public emergency panic buttons in selected areas across Quezon City.
- The devices can be strategically placed in high-foot-traffic areas, such as parks, transport terminals, and major pedestrian corridors, where quick access to assistance may be crucial.
- It is noteworthy to commend Barangay Bagong Pag-Asa, under the leadership of Punong Barangay Franze Russele “Chinggay” A. Bilaos, for its HOPE SOS infrastructure, which has gained several recognitions for its innovative approach to emergency response. They are proud to note that this innovation originated in Quezon City. Therefore, they must adopt a similar practice and approach to further strengthen public safety and emergency response in the City.

The Presiding Officer, Vice Mayor Gian Sotto, shared that he visited the Disaster Risk Management Office of Punong Barangay Franze Russele “Chinggay” A. Bilaos, where they were shown the monitoring systems and other emergency infrastructure being developed at the time. He noted that the projects, particularly the panic buttons, were still in the process of being installed and implemented. They described the initiative as a cutting-edge innovation in the barangay and expressed hope that a similar approach could eventually be implemented throughout the Philippines.

Councilor Mikey Belmonte expressed strong support for a proposed measure aimed at enhancing public safety through the implementation of an emergency button system at the barangay level. He highlighted the success of the current system and recommended its initial deployment in disaster-prone areas to bolster early monitoring and facilitate timely evacuations, especially in far-flung and hard-to-reach areas. The Councilor underscored the system’s utility in various emergency scenarios, including accidents at home or emergencies involving senior citizens, where immediate assistance is crucial.

MINUTES, 65th REGULAR SESSION, MONDAY, SEPTEMBER 7, 2026

Furthermore, he advocated for transparency by urging that the initial implementation plan and the experiences from the pilot barangays be shared with the Council. This step is deemed vital for the Council to evaluate the effectiveness of the pilot before deciding on a broader rollout of the emergency button initiative. Councilor Mikey Belmonte's remarks underscore a proactive approach to community safety and preparedness, reflecting his commitment to ensuring effective emergency response measures are put into place.

Councilor Rodriguez thanked Councilor Belmonte (Mikey), and he emphasized the importance of continuously improving the City's response capabilities for both disaster- and crime-related incidents. According to him, the available digital and technological infrastructure should be maximized through innovative approaches, particularly given Quezon City's status as the most populous city in Metro Manila.

Further, he stated that this initiative complements the efforts of the Liga ng mga Barangay, in coordination with MWSS, to identify high-density barangays where additional fire hydrants will be installed.
