- The proposed ordinance seeks to update the existing regulatory framework of the Quezon City Gambling Regulatory Ordinance of 2018. The games of chance previously approved in 2018 were based on those authorized by PAGCOR at that time.
- In view of the subsequent updates to the games of chance allowable by PAGCOR, the measure seeks to align the City’s existing regulations with the current regulations of PAGCOR.
- One of the amendments introduced by the measure is the inclusion of a Game Content Provider, which shall be defined as a provider of real-time streaming games produced from a live-dealer gaming studio setup and streamed via the internet to the gaming terminals of PAGCOR-licensed gaming system providers.
- Aside from the addition to the list of allowable games under the Fixed-Term Special Permits (FTSPs), the measure also seeks to expand the membership of the Gambling Regulatory Advisory Council (GRAC), which issues the Letter of No Objection (LONO), one of the requirements for the approval of FTSP applications by the Council.
- The Quezon City Health Department (QCHD) and the Barangay and Community Relations Department (BCRD) shall be included based on the recommendations of the GRAC members.
- Inclusion of the QCHD is intended to further strengthen the City’s gambling addiction program and to provide a better understanding of the underlying problems associated with gambling.

MINUTES, 66th REGULAR SESSION, THURSDAY, SEPTEMBER 10, 2026

- The importance of adopting a proactive approach, consistent with the intent of the original ordinance, in addressing possible gambling addiction among Quezon City residents.
- The inclusion of the BCRD was also proposed because of its familiarity with the various communities within the City.
- One of the new amendments also includes adding an Early Intervention Program under Section 6, which shall cover treatment and recovery programs and provide for the intensification of Helpline 122 to incorporate gambling counseling interventions.
- Under Section 7, before the operation of any gambling establishment located within a one-kilometer radius of learning institutions, the GRAC shall conduct a seminar on problem gambling in case when affecting the learning institutions within the vicinity of the proposed gambling establishment.
- The measure likewise provides for the continuous monitoring and evaluation of the impact of gambling on Quezon City residents, as well as assistance and support to safeguard the mental and spiritual well-being of individuals identified as problem gamblers.
- The objective is to prevent the condition of problem gamblers from worsening through appropriate guidance, counseling, intervention programs, and other support services that would assist them in their recovery and in returning to a healthy, productive, and meaningful life.

The Presiding Officer stated that the measure merely amends the existing ordinance, as clearly explained by the Lady Proponent.

The Committees on Laws, Rules & Internal Government; Health & Sanitation; and Education, Science & Technology recommended approval, with an amendment:

- to include all Councilors present as Co-Introducers of the proposed resolution

MINUTES, 66th REGULAR SESSION, THURSDAY, SEPTEMBER 10, 2026

On motion of Councilor Liquigan, duly seconded, **PR23CC-618** was **APPROVED** on its second reading, with the following manifestations from the Proponent and an amendment **to include all councilors present as co-introducers of the proposed measure:**

- The proposed resolution seeks to encourage public and private schools in Quezon City to implement daily physical activity programs to help address the rising incidents of childhood overweight and obesity.
- Schools are among the most important environments where children learn not only academic knowledge but also lifelong habits.
- When students are encouraged to move, exercise, and participate in sports or physical activities, they develop habits that can protect their health for many years. Unfortunately, many children today are becoming less physically active due to a sedentary lifestyle and increased time spent on digital devices. This makes it even more important for schools to actively promote physical movement as part of the daily routine of students.
- This resolution also encourages support from the city government, barangays, youth organizations, community groups, and the private sector to help schools strengthen programs that promote physical fitness among children.

MINUTES, 66th REGULAR SESSION, THURSDAY, SEPTEMBER 10, 2026

The Committee on Justice & Human Rights recommended approval, with amendments and/or remarks:

- the Integrated Bar of the Philippines (IBP) and Public Attorney's Office (PAO) affirm their unwavering support and commitment to the successful implementation of this proposed measure, recognizing its vital role in advancing accessible justice and protecting vulnerable sectors; and
- to include Councilors Candy A. Medina, Jose Maria "Mari" M. Rodriguez and Bernard R. Herrera as Co-Introducers

On motion of Councilor Delarmente, duly seconded, **PR23CC-635** was laid on the table. However, at the latter part of the session, on motion of Councilor Melendez, the proposed resolution was lifted from the table.

Thereupon, as moved and seconded, **PR23CC-635** was **APPROVED** on its second reading, with the following manifestations from the Lady Proponent and an amendment **to adopt all modifications made at the committee level**:

- The proposed resolution seeks to empower the city's solo parents through access to legal education and information.
- Solo parents face many challenges in raising their children on their own. Aside from the financial and emotional responsibilities that they carry, many also encounter legal concerns involving child support, custody arrangements, parental rights, and protection from abuse or neglect.
- Unfortunately, many solo parents are not fully aware of the legal remedies available to them under existing laws. As a result, they may struggle to assert their rights or seek the support to which they and their children are entitled.
- One of the most common concerns heard from solo parents is the difficulty in obtaining proper child support from the other parent. Often, this challenge arises not only from financial constraints but also from a lack of information about the legal processes and remedies available to them. This is why access to legal education is so important.
- Through this measure, the city encourages the Public Attorney's Office, the Integrated Bar of the Philippines, and law schools located in Quezon City to conduct free legal education, seminars, and information sessions for solo parents. These seminars may discuss topics such as legal remedies available to solo parents under Philippine law.
- By equipping individuals with knowledge about their rights, this initiative empowers them to make informed decisions and to seek legal protection and assistance they deserve. A strong understanding of legal rights serves as a vital tool, enabling individuals to defend themselves, their families, and their future.

The Presiding Officer remarked that it was a very important proposed measure, as it would greatly contribute to educating solo parents.

- Many cities around the world have embraced running culture by identifying safe and scenic routes that encourage residents and visitors to explore their communities through recreation.
- Quezon City is uniquely suited for this initiative. The city is home to numerous parks, open spaces, universities, and vibrant districts such as Quezon Memorial Circle, U.P. Diliman, Katipunan, Cubao, Tomas Morato, and many others that offer an excellent environment for running and jogging.
- By identifying and promoting recommended running routes in every district, the city can encourage citizens to adopt healthier lifestyles and also showcase the beauty and vibrancy of the city. These routes can highlight parks, heritage sites, local food districts, and community landmarks that make Quezon City truly unique.
- Beyond wellness, this initiative can also support tourism. Visitors who enjoy recreational activities such as running can discover neighborhoods, cultural destinations, and local businesses while experiencing the city in an active and meaningful way.
